2019 A YEAR OF FUTURE PLANNING

2018 was the most significant change since formation of the German Table Tennis Club as a Group of the SA German Association in 1958.

Following the sale of the Association CBD building, the Table Tennis Club became an incorporated association.

Throughout 2019, the Woodville District Table Tennis Club kindly provided accommodation to ensure maintenance of the Club and potential for it to grow.

CLUB HISTORY

The table tennis group has been part of the South Australian German Association (SAADV) since 1958. Its loyal members have varied annually from a previously capped number of 20 to this year's 32, a good retention following relocation to Woodville. They range from teenagers through to veterans and from beginners through to members with some past players ranked in Australia's top 100.

Club practice for many years was in the Friedrich Jahn Gymnasium on four tables, generally followed by a few drinks in the bar down stairs. Practice is now at Woodville on six permanently erected tables. Our Club is associated with Table Tennis SA and a number of our members compete in their winter pennant competitions, both for our club and other table tennis clubs. Our club organises many social activities with our monthly BBQ and annual BBQ, exchanges with other clubs and our Christmas dinners being the highlights of the year. All table tennis enthusiasts, whether beginner or advanced are invited to come and have trial games.

At the 2019 AGM, the Club bestowed the honour of Life Membership to August Bigalske, better known affectionately as Gus. He was an inaugural member of the Club when it was established in 1958 and has remained an active member ever since. During that time, he has held the position of Club President, Secretary and Treasurer for long periods. Many Club members have been invited to join over many years through his ongoing positive promotion of the Club and German Association. Gus has enjoyed an illustrious table tennis career, playing at the highest level in numerous World Veteran Championships across the globe.

PRESIDENT'S REPORT

2019 has been an eventful year beginning with the club needing to find new accommodation for our regular activities. We have been fortunate that Woodville District Table Tennis Club has allowed us to rent a portion of their hall on a regular basis. Our new accommodation has afforded us the opportunity to continue our social activities, we were able to host both Brighton and Woodville for our inter club get togethers. I have also introduced a monthly BBQ which has been well received further strengthening our social calendar and is growing in popularity.

Our main social gatherings for the year, the Jenny Burford Picnic and Christmas dinner were again well attended. A special thanks to Ernie and Sharon for allowing us to host the christmas dinner at their amazing house. With congratulations going to Dale McDonald for back to back Club Championships titles and to Steve Bates for winning the coveted Jenny Burford Trophy.

Our Club had 2 teams in Table Tennis SA's winter competition this year with both teams making the finals and the Division 2 team bringing home the first victory in several years! The club continues to have many members compete in local and national level competitions throughout the year and club numbers continue to be strong.

This report only covers the period from 1 January to 31 December 2019.

The major activity has been maintenance of harmony and cohesion of membership in the new clubroom environment.

The Club finances are a healthy \$5,753 cash in the bank as at 31 December 2019. Use of Club money remains conservative as the Club explores opportunities at its new home premises at Woodville. The new accommodation cost is still unknown, hence minimising Club expenditure during the year. The Club will be working with Woodville Club to jointly design and implement redevelopment of the non-playing area of the premises, a project to provide a modern, clean social area for all members. This support will be similar to the work our Club undertook to help Woodville Club gain a grant to implement air-conditioning of the playing areas. A special members meeting will be arranged when we have a proposal for internal building redevelopment.

Club fees have been maintained at \$50 per member since 2015.

The Club has continued to maintain a friendly atmosphere with all members contributing in their own way to support ongoing Club operations.
